Fuse™

IT'S TOTALLY PERSONAL

Considering the amount of time you spend, work can feel like a second home. To operate at your best, you not only need quick access to your tech and work gear, but also your running shoes and protein bars. Fuse takes personal storage to that next level with sizes and options that just make more sense for what's being stowed today. Pair that with an added pop of color and Fuse gives new meaning to needing your personal space.

REVOLVING AROUND YOU

Just for once you'd like it to be all about you. And that's exactly what you get with Fuse pedestals and accessories. Like storage that's designed to move with you whether you're standing or sitting. Or a spot to hang your bag when you need it out of the way. Offering up personal storage space for just about everything, Fuse will have you saying, "You totally get me."

TO HAVE AND TO HOLD

Larger-sized drawers neatly store what matters most, like shoes and snacks.

REACHING NEW HEIGHTS

Storage cubbies and bag hooks move with height-adjustable surfaces. So brilliant, we wish we thought of that. Oh wait, we did.

TAME THE JUNK DRAWER

Accessory trays fit perfectly within drawers to keep odds and ends out of sight but organized.

BOX SEATS

Top off with a cushion and ta da! Storage becomes extra seating for when you need it.
